ORE AND BULLION RECEIPTS

Congo and Malad Alone Are in It—The New Shaft in the Meers—The Emma Again Heard From.

The grand Liberal victory did not seem to be the signal for a direct bull movement, neither did it create a panic on the floor of the stock exchange. The local brokers were neither elated nor depressed over the result, though the market was slow and sluggish.

It can always be set down as a dull day when there are no sales of Apex. The big four—Bamberger, Conklin, Stevenson and Davis—headed Congo and Malad very tenderly, which were the only stocks that scored sales.

The word of sinking the new shaft on the Meers is going forward rapidly. A steam hoist is in position and 135 feet have been sunk in eighty days. Three shifts are working and Congo says he proposes to finish the 200 feet on schedule time. The shaft is located very near the Morgan end line and only a short ways from the city. There is no doubt at all as to what the result will be when the contract is reached. The fact that all the Meers treasury stock was bought up as soon as placed upon the market, shows what the general public thinks of the future of that property.—Record.

Real Estate Notes.

T. Egan of Ottumwa, Ill., brother of Ed Egan, is in the city looking up his valuable real estate interests.

J. W. Neff says he is very well satisfied the way the election went, as he thinks it will help the abstract business.

J. A. Morlan.

Among the real estate speculators of this city there are few who can show as much substantial enterprise as Mr. Morlan. Besides erecting the line business block on Second South he has built six residences and has the plans drawn for a three-house terrace.

CHANGED HIS MIND.

During our state fair a large fleshy gentleman came into our drug store and was suffering intensely from pain in the stomach, caused by a change of water and diet. He called for ginger and brandy. The latter we could not supply, we therefore recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. He replied that he had no faith in any patent medicines, but finally concluded to take a dose. In a short time he returned and bought a bottle. The first dose relieved him. We have a large sale of it, mostly to commercial travelers and to persons who have used it and know what it is. Charles Arnold & Co., Morgan House Drug Store, Des Moines, Iowa.

TO BUY THE WATER WORKS.

James H. Bacon and Fletcher Jones Quietly Working Up the Scheme.

The very active part which James H. Bacon and Fletcher Jones took in the success of the Liberals at the last election had more in it than appeared on the surface.

A man was heard to observe that these gentlemen, together with half a dozen other men, are quietly working up public sentiment with a view to crystallizing it into favoring a sale of the water works to a private company.

The person who imparted this information to The Herald representative said that he heartily favored the scheme.

"In the first place," he said, "the sale of the water works would put into the city treasury from half a million to a million dollars, which is greatly needed for the different public improvements. In the second place it would compel the purchasers to expend at least \$100,000 in building a complete water works system. These two sums of money

would be paid out for materials and workmen and would greatly stimulate business; and, thirdly, the sale would secure better water service at lower rates for the consumers."

"The attempt of a political party to manage the water works has demonstrated the fact that it cannot be successfully done. As it is, in a place where purely technical knowledge is required, it is filled by a man whose only qualifications consist in his ability to effective party service. The appointment of nine inspectors on Parley's conduit for the purpose of keeping an eye on the voters shows the danger of a political party controlling this vast patronage. An officer of the water works was one of the principals in the street fight on election day. It is enough to make any man who is contemplating the water works away when he contemplates the abuses that are everywhere visible in their management."

Thus for our informant.

If you decide, from what you have heard or read, that you will take Hod's Saraparilla do not be induced to buy any substitute instead.

REPUBLICAN CAUCUS

Thirty of the "359" Call a Territorial Convention.

The Republicans Will Hereafter Fight the Democrats and Sweeten Up to the Liberals.

Thirty of the chieftains of the "359" who mustered at the polls on Monday held a secret meeting lasting several hours yesterday afternoon.

There was plain talk and the men who had deserted the Republican party in its hour of need were held up to scathing contempt.

"We now know how we stand," said one of the invariables. "Hereafter," he continued, "we will know who is our enemy." This was directed at the Democratic party.

The next speaker said: "It is the Democratic party we must fight. The Liberals are our friends, but the Democrats are unalterably organized against us and will do all in their power to cripple us and make this a Democratic state. We cannot afford to swap taffy with them before the election and swap votes on election day and the swap is all over."

It was agreed that the Republican party in Utah will hereafter know no enemy in politics but the Democrats and that it will use the Liberal party as an ally wherever it can.

The meeting was behind closed doors and it was difficult to get at anything like a full account of the proceedings.

The most important business was the decision to call a Republican territorial convention together in this city on September 2.

THE PULPIT AND THE STAGE.

Rev. F. M. Shurt, pastor United Brethren Church, Blue Mount, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased and my parishioners thought I could live only a few days. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 30 pounds in weight."

Arthur Love, manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption cures all, and cures what everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at A. C. Smith & Co.'s drug store. Regular sizes 50 cents and \$1.
